

# PUBLIC NOTICE

## **PUBLIC NOTICE OF PROPOSED SOIL AND GROUNDWATER CLEANUP**

In accordance with Arizona Administrative Code R18-12-264.01, the Arizona Department of Environmental Quality (ADEQ) is providing notice that a Corrective Action Plan (CAP), submitted by Trejo Investments, Incorporated on November 10, 2005, has been proposed for the remediation of soil and groundwater that has been contaminated with petroleum resulting from leaking Underground Storage Tank (UST) systems at the following facility:

**LUST No. 2384.02-.05**  
**Facility ID No. 0-005111**  
**Pinal County**

**Trejo Express Stop #117**  
**2234 East Florence Boulevard**  
**Casa Grande, Arizona**

### **Soil Vapor Extraction and Air Sparge System:**

Existing soil and groundwater contamination at the referenced site will be remediated using an active soil vapor extraction and air sparge system. During soil vapor extraction, vapors are extracted from the contaminated area and treated. In air sparging, air is injected into contaminated groundwater to volatilize the contaminants, which are recovered and treated at the surface, if required by the applicable laws. To evaluate the effectiveness of the systems, periodic monitoring of contaminant levels will be required by ADEQ. Once contaminant levels decrease to below cleanup standards, the site may be eligible for closure.

Copies of the CAP are available for review during normal business hours at the ADEQ Records and Library Review Area, 1110 W. Washington Street, Suite 140, Phoenix, AZ 85007 and at the Casa Grande Public Library, 449 N. Dry Lake Street, Casa Grande, AZ 85222. ADEQ encourages public participation in UST corrective actions and welcomes comments on the proposed CAP. A public comment period is in effect from May 15, 2006 through June 21, 2006. Comments should be submitted in writing by June 21, 2006 to ADEQ/UST Corrective Action Section/LUST Enforcement Unit, Attention: Mark Lucas, 1110 W. Washington Street, Phoenix, AZ 85007. If sufficient public interest has been demonstrated during the public comment period, ADEQ will announce and hold a public meeting. ADEQ will respond to comments in writing, following the public comment period. For more information on this notice, please call Mark Lucas at (602) 771-4297 or (800) 234-5677, ext.771-4297.
